New Time Standards Achieved.

If you make a State, Regional, or Hawk Invitational qualifying standards, this means you have qualified for that meet and are ELIGIBLE to participate that event. This is not a guarantee as we have multiple swimmers that qualify for these meets and we are limited in how many swimmers can compete in each event.

If you qualify for States in a relay event, this does not necessarily mean you will go to States on the relay. The relay has qualified for States. We can swim any four swimmers on the relay.

If you have a State cut, you also have everything other cut below. If you have a Regional cut, you also have everything else below.
