

## WALK AT HARROLD-ODELL – 17 MARCH 2013

*Harrold-Odell is situated in the village of Harrold, North Bedfordshire. It was established in the 1980s following the closure of sand and gravel workings.*

We don't think much of the weather

*The park's main features are two picturesque lakes, river meadows alongside the Great Ouse, a Nature Reserve and a range of managed habitats.*

We're ready for the walk – our tummies are a little higher off the ground!
