

THE LONDON PET SHOW – 7-8 May 2011

The London Pet Show took place at Olympia on 7-8 May. Petit and Grand Basset representatives shared a booth. As always the BGV booth was very popular with all the usual questions such as “Are they good with children?” “How much exercise?” “Do they moult?” etc.

Lack of space meant that BGVs were right opposite the rabbits but fortunately the hounds all behaved themselves.

Kim Culyer-Dawson’s Amber did go and investigate and decided they were great fun, especially one with a bell attached to its collar.

It was a popular event and the organisers were surprised at the amount of visitors so watch this space for news of a repeat next year!
