## PASTA

### FILLED & FRESH PASTAS

Our filled pasta items begin with unique processing that produces uncommonly thin ravioli, agnolotti, cappelletti and sacchettoni.

This delicate shell cooks faster than thicker pastas, allowing the fresh flavor of the rough-cut fillings to emerge and tantalize.

Choose from succulent lobster, shrimp, specialty mushrooms or roasted vegetables.

We carefully assemble our pasta products in packaging specifically designed to ensure that each product maintains its freshness and nutritional value. We guarantee that our products will present beautifully on your customer's plates.
