Our mission is quite simple - serving our customers fresh quality food and drinks. Above else, bringing a touch of Europe to all.

Our famous crepes are made by hand, to order, and using daily made ingredients.

Our coffee is locally roasted in small batches, using some of the best beans from around the world to maintain quality in flavor and build relationships with coffee farmers.

Our goal is not just to bring people together for a great experience, our goal is - to bring Europe in a cup!
