## Members' Benefit from Website

Here at the Chamber, we are always striving to give our businesses the best benefits possible, and one of the best benefits we offer is our website.

Our website has a membership list with a direct link to your business's website. This helps your website stay at the top of search engine results.

The Chamber website membership list is being updated to include only this year's paid members. So, be sure you have paid this year's dues to remain on the site.

Also, let us know if there has been a change in name, web address or phone number for your business.

The site also features an events page. If your business or an organization you are involved in is having a community event, please let us know. We would love to add it to the website! Also, check out our Community links page. It often has just the contact for which you were looking.
