The Greenwave Hall of Fame Nomination & Selection Process:

Nominees must exemplify the highest standards of sportsmanship, ethical conduct and moral character.

The categories of athlete, coach, contributor and team are included on the nomination form for expediency in understanding the primary area in which an individual or team is to be considered for his or her achievements in interscholastic athletics. The grouping is for screening purposes only and to assist those making the nominations in understanding the type of information required. Once nominees are inducted, they are not categorized, but all are recognized as members of the Greenwave Hall of Fame.

All candidates for the Greenwave Hall of Fame must meet the following criteria to be considered for induction.

Athlete:

For athletes to be considered, a minimum of 10 years must have occurred since high school graduation. Athletes are considered as former student participants who are being nominated for their achievements in interscholastic athletics. Should have earned All-League, All-Region, All-State or All-American honors or own NFHS, NIAA, region or school records.

Coaches:

For coaches to be considered, a minimum of 5 years must have occurred since retirement from coaching in the sport(s) for being nominated. Coaches are considered on the merits of their high school coaching achievements only. Should have produced a career record above .500 and/or produced region championship teams or teams that have advanced to the region or state playoffs. Should have the recommendation of the athletics director at the time of his or her coaching career (if possible). Must have complied with NIAA rules while at Churchill County High School.

Contributors:

For contributors to be considered, they are eligible immediately after retirement but must have a minimum of 15 years of contributions to that sport(s). Special consideration may be made on a case-by-case basis to honor and enshrine other staff members and supporters of the program who have made significant contributions by supporting, promoting or furthering athletics at Churchill County High School in a non-coaching or non-playing role. The "Contributors" category is for those individuals who have made contributions to Churchill County athletics in some capacity other than those previously mentioned, including such areas as administration, boosters, officiating, sports medicine and sports media.

Team:

A minimum of 10 years must have occurred since achievement for which the team is being nominated. Teams consist of former student participants and are being nominated on the merits of their achievement. Only teams that won regional or state championships will be considered. Should have the recommendation of the coach (if possible).

Nomination forms are accepted year-round. The deadline for each class that year is May 31. Nomination forms for those not inducted will be retained for the following year. Incomplete forms will be rejected and requested to be updated.

Welcome to the 2017 Greenwave Hall of Fame Induction Ceremony

Dear Hall of Fame Inductees & Honored Guests:

On behalf of the Greenwave Hall of Fame, I would like to welcome you to the first annual Hall of Fame Induction Ceremony. For more than a century, Greenwave athletics has thrived in the Lahontan Valley, producing many league, regional and state championships. Tonight, we are fortunate to not only create an enshrinement to honor these outstanding men and women, but we are excited to honor 35 athletes, coaches, contributors and teams who helped build the Greenwave into the school it is today.

I still remember when I arrived in Fallon for the first time almost 20 years ago to help coach football and track. One of the first things I noticed was the absence of a Hall of Fame to recognize outstanding individuals and teams who have contributed to this school's deep history of success, both on and off the field. There have been several attempts to create a Hall of Fame to honor Fallon's greatest but each time, it has failed.

We stand here before you tonight, however, to honor many of the best in Greenwave history. It would not have been possible without the support from the school district, including Mr. Brad Daum and Mr. Kevin Lords at the high school, and tonight's keynote speaker, Mr. Donnie Nelson, whose expertise and experience in running the NIAA events have helped steer our ship in the right direction. It would not have been possible without the countless hours from our research group that consisted of Mrs. Nancy Sanders Stewart, Mrs. Yvonne Arciniega Sutherland, Mrs. Mary "Bunny" Corkill and Mr. Dave Lumos. And lastly, it would not have been possible without the dedication and efforts of my Hall of Fame board and committee. Their devotion to Greenwave athletics, without any question, is why we are here tonight.

Congratulations to our first class of the Greenwave Hall of Fame, also known as the "First Wave."

Sincerely,

Paul Orong
President

OFFICE OF THE MAYOR

September 25, 2017

Greenwave Hall of Fame Inductees and their family, friends and supporters:

It's been years in the making.

Churchill County High School has a history that is more than 100 years old and boasts a storied athletic program that won its first state football championship in 1923. Since then, the school has won state championships in Volleyball, Boys Basketball, Girls Basketball, Baseball, Boys Golf, Softball, Wrestling, Boys Track & Field and Girls Track & Field.

Those teams were led by great athletes and guided by great coaches with the support of a loyal community. And before now, these players, coaches, and other contributors' legacies went largely undocumented, folklore left to be talked about in locker rooms, coffee shops, and at reunions.

Thanks to a dedicated group of supporters, 35 student-athletes, coaches and contributors who have been a part of the success of so many great Fallon teams will be the first class of inductees into the newly created *Greenwave Hall of Fame*. This marks a great accomplishment for the high school and the community!

I know that athletics builds character and future community leaders. Their importance cannot be overstated in the role they play fostering community pride and tradition: A connection with the past, present, and future. In 1971, I was part of the baseball and basketball teams that won state championships. I remember well the community turning out to celebrate our victories and the sense of accomplishment my teammates and I shared, not only for ourselves, but for our hometown.

The Greenwave Hall of Fame will be, from this day forward, the institution honoring the storied history of Fallon's sporting accomplishments and the people who made it all possible.

Congratulations 2017 Greenwave Hall of Fame inductees!

Steve Heck, Master of Ceremonies

For 20 years Mr. Steve Heck served as the head track coach for the Greenwave, and before that, he was recognized as one of the top prep track athletes from Fallon in the mid-1980s.

Tonight, Steve is serving as your master of ceremonies for the annual Greenwave Hall of Fame dinner and induction.

Many Greenwave fans remember Steve as an outstanding athlete and coach and now as the public address announcer for home Greenwave football games.

The Fallon native excelled in both the classroom and on the track while a student at Churchill County High School. Steve earned all-cornerback and second-team running back honors as a member of the Greenwave football team. He won the state track championship in the 400-meter run and still holds the still record in the 200- and 400-meter events.

After graduating from CCHS in 1996, Steve competed on the University of Nevada, Reno track and field team and graduated in 1992. He earned a Masters in Education from Sierra Nevada College. Steve has distinguished himself as an educator in the Churchill County School District having taught at both Churchill County Middle School and CCHS.

With fellow track coach Paul Orong, they produced two state championships, two state runners-up, three regional championships and two runners-up. Along the way, they coached scores of young men and women who won numerous regional and/or state titles. Steve retired last season after coaching track for 20 years.

For 18 years Steve coached all levels of youth football and high-school freshman football. He also coached the CCHS cross country team for four years.

Steve is the youngest of four children born to Harry and Patricia Heck, both retired teachers from the Churchill County School District. He married fellow CCHS graduate and athlete Angela Beeghly in 1988. They have four children: Greg, Charlie, Samantha, and Nathan, who all graduated from CCHS and were successful students and athletes. He is probably best known for running the annual Track and Field Christmas tree fundraiser with Coach Paul.

Donnie Nelson, Keynote Speaker

For almost 20 years, Mr. Donnie Nelson has been one of the most visible supporters of Nevada athletics.

Donnie, a graduate from Foothill High School in Pleasanton, Calif., attended the University of Nevada, Reno, has been the sports information director of the Nevada Interscholastic Activities Association since 1998.

The Greenwave Hall of Fame committee is honored to welcome Donnie to Fallon as our inaugural keynote speaker for tonight's induction of 35 athletes, coaches, contributors and teams that excelled in Churchill County High School athletics during a span of more than 100 years.

As the NIAA's sports information director, Donnie wears many hats including that of tournament director for 216 postseason championships, special events coordinator, marketing and public relations director in charge of the Student-Athlete Award program, publishing souvenir state championship event programs and overseeing the NIAA award banquets for the annual Hall of Fame and Top 10 Student Athletes presentations in both Reno and Las Vegas.

Reporting and being involved with sports have been lifelong passions for the California native. Before becoming the NIAA's sports information director, Donnie covered all aspects of youth, high-school, collegiate and professional athletic and community events for Gardnerville's Record Courier newspaper, a sister publication of the Lahontan Valley News in the Sierra Nevada Media Group.

After he graduated in 1994 from the University of Nevada, Reno with a Bachelor of Arts in Journalism, Donnie headed to the Pacific Northwest where he became a part-time sports reporter and part-time assistant in the Sports Information Office at the University of Oregon from 1994 to 1996.

Donnie covered all aspects of sports as a sports reporter for The Register-Guard Newspaper in Eugene. As a member of the University of Oregon sport information team, Donnie assisted conducting daily duties for Ducks athletics to include producing sports media guides and helping with statistics during football and basketball games including the 1995 Rose Bowl.

In addition to his professional involvement with sports reporting, Donnie was the co-head coach for cross country and a track and field coach from 1994-1997. Coincidentally, he coached at Churchill High School ... in Eugene, not Fallon.

Running has been in Donnie's DNA for many years. At Foothill High School, Donnie became a four-year letter winner and two-year team captain. He competed in cross country, basketball and track. At the University of Nevada, Donnie competed on the cross country and track teams from 1989-1994 as a scholarship-athlete. He served as the team captain of the last men's cross country (fall of 1997) and the track and field (spring 1994) teams before the university dropped the program.

In 1989, Donnie competed in the National Junior Olympic Cross-Country Championship and won the Young Men's Division at Purdue University in Lafayette, Indiana.

Donnie served as meet director in 2000 and 2009 for the National Junior Olympic Cross Country Championship in Reno for more than 3,000 participants.

Donnie's father, Don, is commissioner of the East Bay Athletic League and tournament director for high-school golf, football, basketball, baseball and softball for the North Coast Section of the California Interscholastic Federation.

Donnie is married to Vanessa, a Washoe County high-school teacher. They have two daughters, Mackenzie, 8, and Alexandra, 4.
