Refueling Rules & Regulations		
<b>If you are going to be delayed for any reason, please contact Andy Burgess 251-981-9473. Failure to contact Andy Burgess may result in your inability to get propane. Please help us ensure you have propane for your next flight.</b>		
Location		
Refueling is located in a vacant subdivision on the East side of the festival grounds. Enter through the paved/marked "Vendor/Volunteer" entrance, East of the main festival entrance. Travel North to the end of the area.		
<b>When refueling, please follow these guidelines. Both our personnel and fire department have be informed to strictly enforce the guidelines.</b>		
1. Have your refueling adapters hooked up prior to entering the fueling area. After the completion of your fueling, leave the area to complete the covering of your balloon and any other housekeeping that may be required.		
2. No more than 2 from each balloon crew may be in the refueling station area. Persons involved in refueling must be experienced with refueling propane tanks.		
3. Pilots are responsible for proper filling of tanks.		
4. Disarm strikers and remove from basket.		
5. Leave cell phones in the chase vehicle and turn off.		
6. No nylon jackets in the refueling area.		
7. Only tanks used in flight will be refueled.		
8. Pilot lights in campers, chase commanders, etc., must be turned off.		
9. All vehicles must be turned off.		
10. No persons permitted inside the balloon basket or vehicle cab during refueling.		
11. No refueling of tanks in enclosed trailers or vans. Special shapers or other balloons with exceptionally large baskets and tanks may have assistance from more than two in the propane area. But only two should be present when fuel is flowing.		
12. Absolutely no smoking.
