

NEDLANDS TENNIS CLUB INC

LEAGUE POLICY

Effective 9th March 2018

By submitting your name for inclusion in a team you agree to accept the following League Policy:

1. NTC encourages players to participate in Tennis West League Competitions and the League Committee will endeavour to place those nominating in a team. Players not able to be placed in a team will be notified by the League Coordinator as soon as possible and placed on the reserve list. Alternatively players may wish to contact other clubs to find a suitable league team.
2. Teams will be selected primarily on the basis of players' Tennis Australia Competition Tennis Ranking (CTR). Players are encouraged to indicate any possible concerns about team selections via the League Coordinator prior to the nomination closing date. Players will be listed in grading order and according to availability and the League Committee will endeavour to form teams in an equitable manner providing the 'best' tennis experience for the majority of players.
3. Usually teams will comprise five (winter) or six (summer) players but this may vary at the discretion of the League Committee depending on circumstances such as the number and standard of players nominating, the availability of reserves and court availability.
4. Teams, once selected are FINAL and player withdrawal from a team after team selection is considered unacceptable.
5. Players should familiarise themselves with The Tennis West Rules of Tennis League which can be viewed on the Tennis West website at <http://www.tennis.com.au/wa/players/competitions/rules-code-of-behaviour> .
6. It is anticipated that those players nominating as regular team members will be available for most fixtures. All nominated players are expected to play sufficient matches in order to meet finals qualification criteria.
7. League fees will be invoiced once teams have been finalised.
8. If you are unable to play, please find a suitable replacement in consultation with your team captain. If any problems arise then please consult the League Coordinator.
