Adopt an Intern - Summer 2018

One of the missions of the Tidewater Winds is to bring hands-on experiences to both high school and college students. We are requesting your support to make this possible by “adopting” an intern this season. Help us direct a path for select students to practice and build their talents as a part of the Tidewater Winds ensemble during the July concert series.

This rare opportunity to play in front of a live audience helps young performers gain confidence in their performance abilities. As a result of this experience, our student interns grow musically and professionally with rehearsals, master classes and professional performance time.

In order to make this program possible, we are asking 10 patrons to “adopt” one of the emerging student musicians. Each \$250 contribution per intern will allow Tidewater Winds to support these developing artists during their season with the ensemble in covering the costs associated with performances.

Once you have committed to be a part of this inaugural program, you will receive a short bio and photograph of your “adopted” musician so that when you attend our summer concerts, you will see your generosity at work. You will also receive a personal thank you from the intern, as well as a formal “Thank You” from the Tidewater Winds. If you are interested in “adopting” an intern and have questions, please contact us at 757-480-0953

We look forward to you joining our ongoing education commitment as a key centerpiece of our mission. Thank you for being part of it.
