**TOGETHER, WE WILL TURN TYPE ONE INTO TYPE NONE**

Every half hour, someone is diagnosed with type 1 diabetes and there is no cure. People with T1D become insulin dependent for life and live every day with the constant threat of devastating complications. Now in its 47th year of passionate activism, JDRF has awarded nearly \$2 billion to diabetes research since its founding and remains focused, energized, creative and efficient. Over 80% of JDRF expenditures directly support research and research related education each year. Join us for a great event to help turn type one into type none.

### **LESS UNTIL NONE**

“Less until none” is our promise to progressively remove the impact of T1D from the lives of those living with T1D until it is no longer a threat to them or their families.

*Each year, more than 15,000 children and 15,000 adults – approximately 80 people per day – are diagnosed with type 1 diabetes in the U.S.*
