Run No. 1440 - PNS - I like Chinese Food when restaurant is open!

On Monday 26th October 2015 the hills were alive and really quite festive as PNS and his merry band of Bushrangers gathered near the very special Chinese Restaurant in Beaumont Hills.

PNS outdid himself (with a little help from Princess Terminator) setting a truly springy, sprungy run through some of the most scenic bits of Beaumont Hills. Wetbits, Tartis (great to see young lady), Slowcum, Mr. Humpfree, Wasted, SST and B4 gaily scampered down scenic paths, past native orchids, ducklings and other more exotic birds (truly the feathered kind) breathing in lovely fresh air on what PNS shamelessly described as an excellent run.

Of course snaps to the RA Mr. Humpfree, who contributed to this spectacular spring evening by stopping the rain (we won't mention how remiss he was not to acknowledge the full moon but that is probably just as well as full moons make him want to do full moons -yes you know what I mean!).

And so the hashers were truly refreshed as they gathered for their circle. Down downs:

- PNS of course, that mad hare
- Slowcum - our Songmattress, for not teaching us enough songs. To her credit she whipped out a few (songs of course) and obliged us with her singing wisdom

- The Terminator for being late and sex on trail for kissing PNS on her arrival (a real Bushrangers tradition)
- Wasted - well the actual down down is real mystery (in other words I can't remember) but I do remember Wasted herself pointing out how very professionally she swallowed her down down; real skill was shown, and clearly she has been well trained by Sucky Sucky Trainer (SST) who must be praised for his excellent teaching manner.

As the circle closed, our versatile Wasted called the Hashers together for a photo of the mis-management committee, in preparation for the cool BH3 website she is constructing. Dear Tartis volunteered to take photos. Many photos were taken outside and then inside at the esteemed Chinese Restaurant (which was OPEN as it should be). Now dear reader, let me tell you that Bushrangers are not really shy types. There was much posing and groping of boobs and other bits worthy of a Baulkham Hills swingers party (even though we aren't swingers but I am sure Swinger is a hash name somewhere). And the result I am told? Not one single photo of worth - nothing to do with Tartis and everything to do with this unruly mob!

Really yummy Chinese food PNS (at last). Great conversation was held over dinner amongst Hashers with much planning for a weekend away next year (no, not a swinging weekend, a hash weekend). Stay tuned!

Next BH3 Run:

Monday 2 November: Meet at Wasted's joint at 7/18 Cumming Crescent, Quakers Hill. Be there before 6.30pm for an on time start!

Special BH3 Event:

The General - Commemorative RIP Run – no need to register:

Following the passing of The General and with the blessing of his widow Virgin Blue, the Bushrangers are organising a commemorative run at:

The Cricketers Arms Hotel, 255 Darling Street, Balmain (Sydney) on SAT 14NOV at 1400hrs

This pub was the favourite pub of The General and Virgin Blue. We will have a run and a few drinks to celebrate The General's life as a hasher and sign a condolence book to give to Virgin Blue.

As the General was a well travelled hasher across Sydney, nationally and the world, please pass this on to other Hashers and Hash groups. There is no need to register for this run.

For any questions contact PNS on 0408 289 562.
