

LEMALA

"CUBS"

Travelling with kids to Africa may appear to be a daunting prospect. However, in Tanzania and at the Lemala Camps, we offer a wide range of wonderful opportunities for children to experience and enjoy the magic of the African bush. These activities are fun, educational and interesting and ensure that the kids are well entertained and mum and dad can truly relax.

Staying with us will be an opportunity to introduce children to the wonders of the African Bush. As current custodians of Tanzania's wildlife, it is our intention to show future generations the need for conservation and preservation of Africa's enchanting wildlife. Nothing can prepare a parent for the experience of watching their child's reaction when they catch sight of a lion, a giraffe, or an elephant for the very first time

Be a witness to your child's experience and education with activities that cover learning to throw (blunt spears) and use a bow and arrow with the Maasai, or tracking around the camp with our resident guides and making plaster casts of the night visitors spoor, sitting around the camp fire roasting marshmallows, joining in with our guides for early morning game drives, sitting under the Acacia trees listening to African fables, or joining the chefs in the kitchen to prepare their childhood favourites and to see their pure delight as they catch creepy crawlies that lurk in the grasslands of the camp.

Roasting Marshmallows by the fireside

Guided walks around camp

Learning to use Maasai Bows and Arrows

Learning to throw Maasai Spears

Makings casts of wildlife spoor

Birds and wildlife check list and educational book

Identifying spoor around camp

Catching creepy crawlies and identifying them
