- 1. Briefly describe your organization and define how the Gold King Mine spill relates to your mission.**

Connecting family and friends in the outdoors. The polluted river makes this hard to do.

- 2. What resources or assets is your organization utilizing to help with the incident and also to address future opportunities, community resiliency and/or challenges?**

We are working with Data to post images of a clean river in social media outlets.

- 3. If any member of the public would like more information, who can they call or email (please provide the information)?**

Alex@mid2wildrafting.com

- 4. Do you need any help with your activities related to the mine spill or future related projects? If so, please specify?**

Images of clean up work and clean water.

- 5. What are the goals you are looking to achieve on the Animas River in collaboration with other groups?**

Addressing the abandoned mines issue in the San Juan Mountains.
