

A simple and responsible way to recycle your electronic waste

IMPACT RECYCLERS is the largest national network of full-service electronic waste recycling companies offering a secure and socially responsible way to eliminate waste. We process 25M pounds of electronics per year, and have combined nearly 40 years of experience.

- Highest industry standards: R2 or E-Stewards certification
- Secure data destruction
- Comprehensive e-waste recycling capabilities with a track record of success
- Outstanding and reliable customer service
- Sustainable and socially responsible practices, including job creation for people facing barriers to work
