

8-ball Team Captain Guide Lines

Be at meetings to represent your team or select a team member to go in your place.

FIRST NIGHT OF LEAGUE:

Fill out Team Roster Sheet, collect sanction money from your new players (\$30 per person). This goes to the Home team captain along with the league fees (\$6.00 each player). (\$1.25 per person goes to the home team captain in turn to give to tavern for green fees for a total of \$12.50/match)

Home Team Captains:

It is your responsibility to Collect all monies from both teams before start of each match.

Mail drop box at Sonny's or hand deliver money (NO COIN PLEASE) and white copy of Score Sheet to League Operator. Write on the white copy of score sheet if there are extra monies other than league dues. It is to be received by the Friday after your match or home team forfeits their match (games and points) until the envelope is received.

If they are not turned in then don't expect your stats to be updated for the following week and you will need to go by the stats that are provided each week on the website. Repeat offenders will no longer be allowed to captain a team.

WEEKLY:

Fill out score sheet line up and check round totals.

All team money is to be paid in full each night. Captain is responsible to make sure all money is accounted for. If a player is absent you must pay their fee. This is a 'no pay, no play' league.

Sportsmanship is the most important thing in this league. It's a night of getting together and playing pool. Unsportsmanlike conduct will NOT be tolerated.
