

Connector Cleaning Solutions

Standard Features

Simple pushing motion to engage tool

Cleans both Multimode and Single-mode connectors

IBC™ Brand cleaners provide 525+ engagements per unit. Optipop R cleaners provide 400+ engagements per unit.

Dry cleaning strand eliminates the need for solvents

Cleans connectors loaded in patch panels as well as unmated assemblies

IBC™ Brand Connector Cleaners are a convenient and important step when testing and/or maintaining fiber optic links. Optipop R connector cleaners are cassette type and refillable.

Cleaning connectors prior to testing optimizes test results and provides the end user a minimal loss network link. Cleaning connectors also extends the life of the connector pair during repeated mating.

Connector Cleaners can be kitted in both the 3C Dynamics Optical Launch Jumper bag and the Optical Launch Box or purchased separately.

**LC (1.25 mm ferrule) version shown. FC, SC and ST compatible units also available*

**LC (1.25 mm ferrule) version shown. FC, SC and ST compatible units also available*

**Optipop R Cassette style cleaner*

**OptiTap® FTTX version shown*

Connector Cleaning Solutions
