

## THE HIGH SCHOOL WINS AGAIN.

### The Foot-Ball Game at New Haven on Saturday.

The New Haven *Register* has the following account of the foot-ball game Saturday between the teams from the Hartford high school and the Hillhouse high school of New Haven:—

Notwithstanding the rain and the muddy roads many enthusiastic young boys and a few young ladies from the high school went to the park to witness the game. It was certainly not such a contest as that fought between the Yale and Princeton teams, but it was none the less interesting. After kicking and tossing the ball for a short time, the referee called the game. The Hartford men had the first kick off, the ball was sent flying into the Hillhouse boys' ground. Guernsey got the ball, made a good run, but was downed by a crowd of Hartford men in a mud puddle. A Hartford man got the ball and a safety was made. Farley sent the ball with a terrific kick into the center of the field. Here the ball was kept for the rest of the inning. The game at the end of the first inning stood 2 to 0 in favor of the Hartford boys. The Hillhouse did not lose courage, however, but struggled for dear life in the second inning. But it was plainly evident that Hartford had the strongest team. A touch-down was made by Dennis of Hartford and shortly afterward another touch-down was made by another Hartford man, and then a goal was kicked, which made the game 13 to 0 in favor of Hartford. The Hartford eleven were as follows: Rushers, Howard, Dennis, Cheney, Housington, Goff and Griswold; quarter-back, Reynolds; half-backs, Fuller and Barnum; full-back, Williams. The Hillhouse team were: Rushers, Bradley, Sullivan, Donohue, Bassett, Fields and Rowland; quarter-back, Jones; half-backs, Guernsey and Buchanan; full-back, Hutchingson.

This game was of especial interest as it decided the championship of the state, and the High school in winning has retained for Hartford the prize it has held so long. The Hillhouse men relied a good deal on a half-back game, and Guernsey did good work for them in this respect. The Hartford team played its characteristic all round game. Of their men Reynolds, Fuller and Barnum did the most telling work. The *Register* errs in saying that "a Hartford man got the ball and a safety was made." It was a Hillhouse man who carried the ball back of his own line, and thus scored for his opponents. This is the last game of the season for the High school team and they deserve great credit for the excellent record they have made with so light a team.
