

Oklahoma's Premiere Second Amendment Advocacy Group

What we do:

- Maintain a daily presence at the State Capitol during the legislative session.
- Build relationships with legislators.
- Bring together the best and brightest, including legislators and other policy makers, attorneys, law professors, and Second Amendment experts, to craft sound public policy.
- Provide research and wording to legislators for Second Amendment legislation.
- Organize grassroots to support pro Second Amendment legislation.
- Educate legislators, the media, and the public about the Founders' intent concerning the Second Amendment.

OK2A was founded in 2009 to pass such important issues as open carry. In just a few short years OK2A has achieved what had been so elusive: in 2012 we were instrumental in the passage of the open carry law. OK2A was the primary group behind it, working to negotiate behind the scenes to ensure its passage. In total, OK2A has helped pass more than 40 different pro-gun measures through the legislative process. No other 2A group in Oklahoma can boast such a resume.

Some of our successes:

- Businesses, employers, private schools, and places of worship that allow their patrons, employees, staff, and congregants to carry are immune from liability arising from that decision.
- Commercial gun ranges are immune from liability when an accident occurs at no fault of the range or its personnel.
- Spring assisted knives, switchblades and daggers are no longer prohibited by state law.
- SDA permit holders may now keep their weapon locked in their vehicle while at a K-12 school or a Career Tech campus.
- Property owners may now carry unconcealed weapons without a permit on their own property for the purposes of self-defense.
- The governing bodies of private schools now may set weapons policies for their facilities.
- It is now illegal for state or local government to confiscate or restrict otherwise legal use, carry, or acquisition of weapons, ammunition, and accessories during a declared state of emergency (includes ability to file a civil lawsuit against the parties involved if this law is broken).
- Oklahoma is now an open carry state.

Join OK2A today.

Invest in the most successful state-level Second Amendment organization in the country. Join today at OK2A.org.
