Products and Services

Fullimput manufactures a diverse range of high-quality plastic bottles that can be custom designed to our customer's specific requirements.

Fullimput specializes in high-density polyethylene [HDPE], Polypropylene [PP], Polyvinyl Chloride [PVC] and Polyethylene low-density [LDPE]. It supplies a large variety of products to, inter alia, Retail Chains, FMCG's, Pharmaceutical, Petrochemical and Cosmetic Industries. Our capabilities lie in precision blow moulding coupled with superior service in every aspect of the business.

Fullimput is an accredited ISO company; therefore we endeavour to ensure that every bottle manufactured meets the international quality standards. Interchangeable components allow us to configure our machinery to best fit your design size and quantity.
