## The Academy of Music Performance

Located at Headquarters Live 115 South Division St, Salisbury, MD  
Mailing Address: 27223 Patriot Drive, Salisbury, MD 21801  
410-543-1609

**AMP Studio - The Academy of Music Performance** gives kids between the ages of 8-18 an opportunity to learn how to play musical instruments and coaches them on how to perform in front of a live audience. These kids learn from professional musicians and are encouraged to excel to get to that ultimate reward – a live show!

Students can take part in individual one-on-one classes, small group rehearsals, and full band practices. Students of all musical skill levels are welcome and will grow as they are challenged to reach new heights and expand their playing skills. There is a sense of team within these bands and students will learn to work together and help each other to grow creatively.

### **There are two programs within AMP Studio—Stage Ready and Performance Prep**

**Stage Ready** students will master the basics while playing popular music, and begin practicing performance songs to prepare for live shows. Songs in Stage Ready are chosen to highlight the skills needed to build a strong foundation on a respective student's musical instrument. Students will receive instruction in basic techniques, music theory, and the dynamics of playing in a group. Once per year, the band will attend a recording studio session to record songs from their set list.

**COMING SOON: The Performance Prep Program** is designed for kids who know the basics of how to play their instrument and need just a little more instruction or practice to be ready to take it to the stage. This program introduces the team element into music instruction. Students will learn harmonies, musicianship and how to perform in an authentic rock show environment. Each season, students spend time honing their music skills while preparing to perform great music.

---

### **Each band at AMP Studio includes:**

- Instruction by professional musicians
- Use of professional sound and music equipment
- Opportunities to perform in front of audiences at area events and festivals
- Opportunity to record at a professional recording studio
