

I have been a resident of TEPOA for 22+ years, served on BOD and know the residents well.

TEPOA is a 55+ community of 1665 units and the facilities are excellent. I could describe the facilities including an 18 hole Executive Golf Course, 2 Swimming Pools, Sauna, Spa, Tennis And Pickle Ball Courts, Radio Station. Library, Exercise Room. 8 Shuffle Boards. 3 Pool (Bil-lards) Tables. Card Room And Craft Areas. The Web Page and newspaper keep residents informed.

The facilities are not what makes TEPOA great. The real asset is the PEOPLE that volunteer time to make the community so special. We are like a big large family that works and plays together in our retirement years. Yes, we sometimes disagree over what is the best plan to make TEPOA a better place.

The under \$130 / month fee is very reasonable and includes use of facilities, garbage removal, 13+ miles of streets.

**Some describe TEPOA as the best kept secret retirement community in Tucson.**
