

Spider

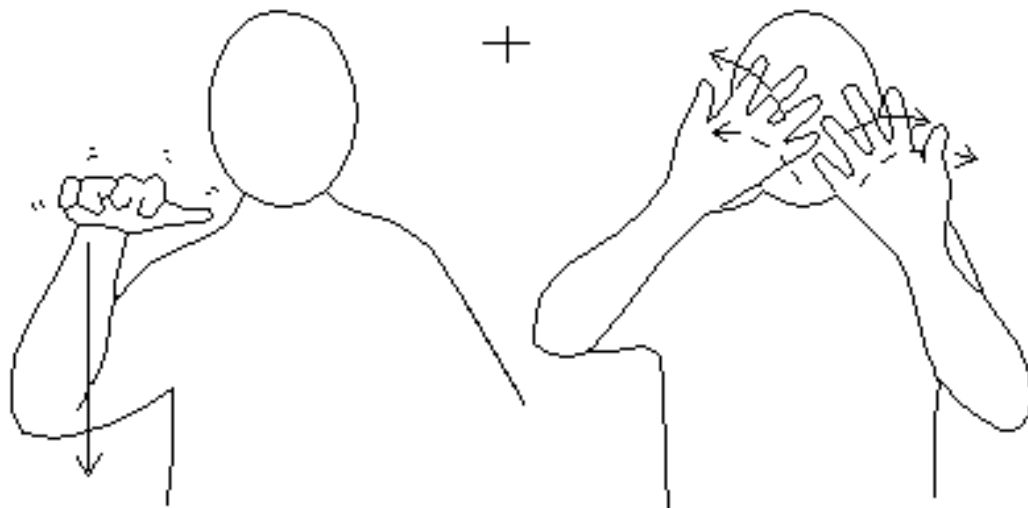

There's a spider on my knee, on my knee. There's a spider on my knee, on my knee. There's a spider on my knee, on my knee, but it doesn't bother me, there's a spider on my knee, on my knee.

There's a spider on my arm, on my arm. There's a spider on my arm, on my arm. There's a spider on my arm, on my arm, but it doesn't do any harm, there's a spider on my arm, on my arm.

There's a spider in my hair, in my hair. There's a spider in my hair, in my hair. There's a spider in my hair, what is it doing there, there's a spider in my hair, in my hair.
