

**Ryan's Reason** was established in 2015 to raise funds to find a treatment and cure for polycystic kidney disease (PKD) in honor of Ryan McGowan. Ryan was born December 8th, 2014 and survived over three hours before he passed away in his mothers arms, surrounded by his family. Along with fundraising for PKD, Ryan's Reason is also dedicated to providing financial support to families who have lost a child. To date, Ryan's Reason has donated \$30,000 to the PKD Foundation in hopes of finding a treatment and a cure for Polycystic Kidney Disease and over \$5,000 to families in Western New York who have lost a child.

**PKD Foundation** - Dr. Jared J. Grantham and Joseph H. Bruening started the PKD Foundation over 30 years ago with a vision to find treatments and a cure for polycystic kidney disease (PKD). When they started, not much was known about PKD. The genes hadn't been identified and there were only a small number of researchers even working in PKD science. Today, the PKD Foundation is the second largest funder of PKD research. Over the last 30 years, more than \$38 million has been invested in more than 550 research, clinical and scientific grants, fellowships, scientific meetings and educational programs. Today, the PKD Foundation leads the fight against PKD through research, education,

## Ryan Michael McGowan

**On July 31st 2014, at our 22 week prenatal visit, our son Ryan was diagnosed with Polycystic Kidney Disease. Because his kidneys were not working correctly they became enlarged and hampered the growth of the rest of Ryan's vital organs. From that point on Ryan could come at any time, true to his fighting spirit Ryan made it to thirty nine weeks for a scheduled cesarean c-section.**

**Ryan survived for over three hours and changed our lives forever. We've created Ryan's Reason as a way to honor Ryan's life, help find a treatment and cure for Polycystic Kidney Disease, and to assist those who have suffered a loss of a child.**
