

6TH GRADE NEWS CORNER

March 5th — March 9th

Dear Parents,

I hope and pray all of you have a wonderful, relaxing Spring Break and enjoy time as a family. When we get back after break, we will only have 1 week left in the third quarter. The last quarter will be quite busy as we finish up learning important information, as well as, going on our field trip & end of year water adventure.

Please be sure to check Engrade to keep up with your child's progress in each of their classes, as well as their conduct. If you have any questions or concerns about your child, please feel free to contact me.

Mrs. Busch

Note from Mrs. Busch:

No test this week.

Note from Mrs. Gonzalez:

Test on Thursday, March 22nd.

Note from Mrs. Scardino:

**Science Fair Project is due Friday, March 23rd.

This is a link that may help your child get ideas for their Science Fair Project. <https://www.sciencebuddies.org/science-fair-projects/topic-selection-wizard/background-info>

Lessons of the Week:

ELA: Parts of Speech Review

Math: Equations

Science: Plant & Animal Reproduction

History: Ancient Rome

Virtue: Contentment — The state of being happy and satisfied.

March Bible: I know what it is to be in need, and I know what it is to have plenty. I have learned the secret of being content in any & every situation, whether well fed or hungry, whether living in plenty or in want.

Philippians 4:12
