Science— Respiratory System **TEST Thurs 3/29**

Language Arts—

Writing Imaginative Instructions

Esperanza Rising—

Unit TEST Tues 3/27

****Spelling Test Friday****

I'm so proud of how hard our students worked for the Science Fair. The projects turned out great and the judges were very impressed! Next year, I intend to set separate due dates as they walk through the process to hopefully alleviate some of the last minute stress so many experienced.

We have begun a new grading period. Report cards will go home Monday, April 2. This is the final grading period for the year. Remember to check your student's progress in Engrade.

Don't forget we will not have school next Friday in observation of Good Friday.

The Multiplication Bee is coming up in a few weeks. Be sure to practice your multiplication facts!

As always, thank you for encouraging and helping your student to be successful!

Mrs. Mattheu

Bible Verse

"I know what it is to be in need, and I know what it is to have plenty. I have learned the secret of being content in any and every situation, whether well fed or hungry, whether living in plenty or in want."

Philippians 4:12

Virtue

Contentment: The state of being happy and satisfied
