## Bungay camera Club 2019 Draft Outline Programme (Version 3)

|  | Janet joined the RPS and DIG several years ago and found it an inspiring environment. She says "I learnt to do a lot of my creative work in the early days by either using the DIGIT tutorials written by members, or trying to imitate others work. Taking the various Distinctions has also helped enormously to improve the quality my work." Now working mainly in the art nude genre, much of her work is montage or textural photographic art. Aking on the role as DIG Chair in February 2014, she has also been a past Secretary to DIG. |
