The word summer triggers a sense of freedom in children, a chance to play and learn in a more relaxed and fun atmosphere. *FUMC Summer Camp* offers a variety of exciting and stimulating choices, encouraging children to discover new friendships and explore new experiences, while creating an environment that allows them to feel safe enough to be themselves and follow their personal path of creativity and curiosity.

When FUMC CHILD DEVELOPMENT CENTER closes its academic doors in May, those same doors quickly re-open to welcome campers to a thirteen week Summer Camp. This program is available to children 2 to 10 years of age. Each week has a different theme of exploration, learning, and play. Every session will include gardening, water play, arts and crafts, outdoor adventures and games, and much more.

Whether they are outdoors, on the go, or inside exploring and playing, campers will always be under the experienced care and guidance of our well trained staff.

So join us for the whole summer or just a few weeks, but be sure that you do not miss out on all the fun!

*Thirteen weeks of continuous fun!*
