

## Where **SUMMER** is loved...

---

When FUMC Child Development Center closes its academic doors in May, those same doors quickly re-open to welcome campers to a 13 week Summer Camp. This program is available to children 2 to 10 years of age. Each week has a different theme of exploration, learning, and play. Every session will include water play, arts and crafts, outdoor adventures, games and much, much more.

Whether they are outdoors, on the go or inside exploring, campers will always be under the experienced care and guidance of our well-trained staff.

So join us for the whole summer or just a few weeks, but be sure that you do not miss out on all the fun!

*Some of the fun we have planned: field trips, special visitors, yummy treats and more!*
