

Paws at Play

Of Wake Forest

Playgroup Options

Pet: _____

Date: _____ Chart: _____

_____ **Level 1:** Your pet will receive up to two hours of interactive group play, one hour in the morning & one hour in the afternoon. This level is recommended for senior pets as well as pets that are prone to heat intolerance or sensitive paw pads.

_____ **Level 2:** Your pet will receive up to four hours of interactive group play, two hours in the morning & two hours in the afternoon. This level is recommended for pets that do not experience any of the above issues but do not require quite as much play time as a level 3.

_____ **Level 3:** Your pet will receive up to six hours of interactive group play, three hours in the morning & three hours in the afternoon. The level is recommended for higher energy pets as well as pets prone to separation anxiety.

** You are welcome to change your pet's play level at any time.*

***Paws at Play of Wake Forest reserves the right to alter any pet's participation in group play due to behavioral issues, social level, health concerns, poor weather conditions, etc.*
