Please add any additional information/comments about your pet that may be helpful for our staff to know:

Policies & Requirements

Hours of Operation:

(Please note: These hours are subject to change during holidays and/or due to inclement weather)

Monday - Friday: 7:00 AM - 7:00 PM

Saturday: 8:00 AM - 4:00 PM

Sunday: 4:00 PM - 6:00 PM *(Boarding pick up & drop off only)*

Food:

We highly recommend that you bring your pet's own food in order to avoid a sudden change in diet which could result in GI upset such as vomiting and/or diarrhea. If needed, you are welcome to use our in house diet for an additional charge of **\$1.00 per meal for dry or \$2.50 per can of wet**. We supply Prescription Purina EN, a gastrointestinal diet specially formulated to ease the digestive system when an abrupt diet change occurs. Please note that some pets may still experience GI upset depending on their level of sensitivity.

All food and treats must be submitted in sealed containers or ziploc bags as required by the NC Department of Agriculture. Any food that is not packaged correctly will need to be repackaged by our staff for an additional **\$10.00 repackaging fee**.

We provide stainless steel bowls; however, if your pet requires a special bowl (*slow feeder, plastic, etc*) then please provide one at drop off. Finally, if your pet has any food sensitivities, allergies or digestive issues, please alert our receptionists so that the proper precautions may be taken.

Medications:

Anything in addition to your pets normal food and/or treats, such as glucosamine, fish oil, probiotic, insulin, etc., are considered medication and will incur an **administration charge of \$1.50** each time it is given. All medication must be brought in their original container. Please do NOT mix medication in with your pets food. Any medication that is not packaged correctly will need to be repackaged by our staff for an additional **\$10.00 repackaging fee**.

Personal Belongings:

For your convenience, we supply stainless steel bowls, raised cots (*upon request*), blankets and towels for no additional charge. You are welcome to bring your own bedding and/or toys, but please be aware that some pets may chew their belongings when in a different environment. As an added courtesy, all washable items will be laundered before your pet departs. Please let our receptionists know if you do NOT want your pet's belongings to be washed. All belongings are inventoried upon arrival to prevent items becoming lost. **Paws at Play will not be responsible for any lost or damaged items if you choose to leave them with your pet.**

Registration Fee:

A one time registration fee of \$25.00 will be collected at your pet's second daycare visit or first boarding reservation. This will cover the initial temperament testing we perform in order to evaluate your dog's personality and determine which group will be best suited for your pet. (*\$15.00 for your second dog & \$10.00 for all additional dogs*)

Daily Care Rate:

Monday through Saturday our boarding check out time is 11:00 AM. If your pet is not checked out by this time, the daily care rate of \$25.00 will be applied. This fee may be waived if you purchase a bath or grooming service to be performed on the day of departure. This does not apply to Sunday pick up.

Early Pick Up Policy:

Non-Holiday Reservation: You are welcome to change your reservation dates at any time prior to check in without penalty. At check in, we will confirm your pet's departure date and your reservation will become locked. If you choose to pick your pet up from boarding early, you will still be responsible for the dates that we confirmed at check in. If you are unsure of your exact departure date, we recommend scheduling for the earlier date and extending out as needed.

Holiday Reservation: Due to high demand and limited availability, your holiday reservation will become locked immediately. You are welcome to shorten your reservation; however, you will still be responsible for all dates originally reserved.

Deposit & Cancellation:

Non-Holiday Reservation (*New/archived client*): A deposit equal to a one night stay is required in order to schedule your reservation. If your reservation is cancelled within 48 hours, your deposit becomes **nonrefundable**. Otherwise, your deposit will be applied to your account as a credit.

Non-Holiday Reservation (*Established client*): We do not require a deposit; however we do still require a 48 hour notice of cancellation. If your reservation is cancelled within 48 hours, a cancellation fee equal to a one night stay will be applied to your account.

Holiday Reservation: A \$100.00 deposit is required in order to schedule a holiday reservation. Due to high demand and limited availability, this deposit is **nonrefundable** and unable to be applied as account credit.

Payment:

We accept Visa, Mastercard, Discover, American Express, cash and checks (*driver's license required*) as payment. Your balance is to be paid in full at the time of check out. **We do not carry open accounts.** If you plan to have a friend or family member pick up your pet, we will require payment in advance.

Spay/Neuter:

We require that all pets are spayed or neutered by 6 months of age. This will help to prevent any dominance and/or aggression that can develop as a pet matures.

Required Vaccinations:

(Must be performed by a licensed veterinarian)

1. Rabies
 - a. Adult: 1 or 3 year vaccine depending on age & veterinary discretion
 - b. Puppy: Required once your veterinarian indicates your pet is old enough to receive
2. DHPPV (*Distemper*)
 - a. Adult: 1 or 3 year vaccine depending on age & veterinary discretion
 - b. Puppy: Must have had at least 2 boosters in their series
3. Fecal (*Intestinal parasite screening*)
 - a. Adult: Negative within 6 months
 - b. Puppy: Negative within 6 months
4. Bordetella (*Kennel cough*)
 - a. Adult: Current within 6 months
 - b. Puppy: Current within 6 months

Required Preventatives:

(Must have proof of veterinarian approved purchase)

1. Flea & Tick: Current on a monthly preventative
2. Heartworm & Intestinal Parasite:
 - a. Current on a full spectrum monthly preventative that covers all intestinal parasites including whipworms (*Trifexis, Sentinel, Interceptor, Advantage Multi, etc.*)
 - b. If on another type of heartworm preventative (*Heartgard, Triheart, Proheart Injection, etc.*), or not current, must be treated annually with a full spectrum dewormer that covers all intestinal parasites including whipworms (*Panacur or Drontal*)

All incoming pets are screened for external parasites such as fleas and ticks. We continue to monitor closely for both external and internal parasites during your pet's stay. All of our enclosures and play yards are thoroughly cleaned and sanitized daily in order to prevent infestation. Paws at Play strives to maintain a clean, healthy and parasites free environment. Unfortunately, due to the nature of our facility, we cannot completely eliminate the risk of parasites being transferred. It is extremely important that your pet be kept current on all preventatives in order to ensure that they are protected as best as possible from the most common parasites.

I have read, understand and agree to all above policies, information and pricing. I understand that submitting a signed guest profile is a binding agreement.
