CHAPTER DIRECTOR NEWS

Hello Chapter and Friends,

As you are reading this newsletter, we're at Wing Ding right now. We are having lots of fun and meeting a lot more friends. I'm looking forward to meeting a gentleman and his motorcycle called black flash. If you get a chance look on YouTube, type in black flash. This is an amazing motorcycle and light show. Carnell Lockett is gentleman's name.

This is one of the purposes of GWRRA, making new friends and making new memories. For the ones that could not make it to Wing Ding, hope you can make it next time. There are more rallies coming up soon. We will be attending Chapter T Rally in Killeen and Chapter H Rally in San Antonio and ours coming October 14th. Everybody get ready for fun in the sun.

I'm also looking forward to our Chapter going to Big Bend for the second time. We have several days of good riding down there. Other Chapters from Texas will be joining us and be riding as a group making more memories and friends.

Our ACD, Armando came out of surgery very well. He's home now resting and can't wait to get back on his Wing and we can't wait to have him back in our Chapter and the community doing all his volunteer work. Before you know, our Christmas party will be coming up. We will have it again in Lacoste (pot luck this year). There will be gift exchange, music, karaoke and even going to have a gift exchange, music, karaoke and even going to have a gift exchange Santa Claus. Come visit us this year.

If anybody has come up with any good ideas for our Chapter please email me at gwrachapterk2@gmail.com. For those that have not been riding much. Make sure you start checking your bikes t-clocks. It is always important on every ride. We will be taking longer rides as soon as the weather starts cooling down. Start dusting off your winter jackets make sure they still fit and get your winter gear in shape.

We're trying to put a ride to Corpus Christi very soon and this time go fishing. No rocking gambling boat this time. If you care to go please let me know so we can set a weekend.

The 2018 Texas District Rally is in the works and will be so much fun. There will be a lot of Vendors: merchandize and food. Some good rides and great memories. Can't wait! Hope to see yall there.

I was proud to see our Chapter made the Wing World Magazine. Way to go Chapter K-2! A little bird told me we were going to be in the District News Letter also. Wow super cool!

See Ya Soon!

HELMETS

A helmet is designed to save your head from impacts that would otherwise be life threatening or altering. brainer... err.... a brainer? Whatever.

Dinner at Acadiana Café

Nothing is worse than a life altering head injury that could have been prevented with one piece of protective equipment, especially for those in your life who depend on you. Rock the Gear has guidelines to help you choose the right helmet, make sure it will do what it promises, and that it fits just right. Click any of the hyperlinks to learn more about the technical elements we mention.

How to identify a great helmet: A proper helmet is made of four equally important parts: outer shell, foam liner, comfort padding and retention system. All of these parts work together to protect your skull and brain from injury, so skipping even one component would be a bad move.

Generally, all motorcycle helmets get more comfortable as you continue to wear them. Always make sure you start with a tight fit. Ensure that the helmet never gets too loose. Usually, these pads can be removed for washing, which usually helps them “perk” back up a little as well.

IN A NUTSHELL (no pun intended) you want something that is going to prevent head injury, be comfortable every time you ride, and look good (in that order), so take your time when choosing the right helmet. (continued next page)

K2 WING'N News

(continued from previous page)

How to make sure you have a good fit: A perfect fit is just as important as what the helmet is made of, because the fit can affect the way the helmet performs during that crucial moment. The first step is knowing your head shape and matching it to the internal shape of the helmet. The first step is knowing your head shape and matching it to the internal shape of the helmet. Did you know there are three general head shapes, and each helmet model corresponds to one of those three shapes? Learn how to find your head shape [HERE](#). The second step is to measure your head for a baseline measurement. Each manufacturer uses slightly different methods for sizing, so knowing your measurement can help more than knowing your general size.

Tips when trying on a helmet: If you can remove the helmet with the chin strap buckled tightly, if the helmet can move easily and independently while it is on your head, if your ears are not touching the internal comfort padding, or if it falls down over your eyes, then the helmet is *too big*. If you can significantly bite the inside of your cheeks when you open and close your mouth while the helmet is on, if you feel extreme pressure on your temples, if your chin sticks out from under the chin bar or if it gives you a “hot spot” on your forehead, then the helmet is either *too small* or the *wrong shape*.

Important to remember: No matter how well the helmet fits, it’s not going to protect your head if it is strapped to the backseat of your bike.... don’t be “that rider.”

TIPS from Donna

Summer has been hot and humid, but that's a given for Texas. Breakfast runs with a short ride following seems to be the answer for those triple digit days. Yummy! The Guenther House has a huge breakfast platter as well as OST! It's a good thing I am skinny (well, I am!..when I stand halfway in front of a full length mirror).

We're Texas tough, however, and adding a couple of evening rides to the calendar was an experiment for perseverance! I look forward to the cooler days ahead when I don't pull in from a ride, totally drenched.

When the pumpkins (the real ones!) show up at HEB in September, I start getting excited. I love pumpkin everything! Pumpkin Cheerios, pumpkin/chocolate cookies, pumpkin pie, pumpkin muffins. Ok, Ok! I love pumpkin stuff. That also means that October is just around the corner, so longer rides in the Hill Country and new places where we haven't been, to explore.

Do you hear "ROAD TRIP"???? Look out Big Bend, here we come Oct 25 -29!! If you have a favorite ride or some new place you would like to go, please shoot me an email at gwrrachapterk2@gmail.com.

We are going to put the museums in Cuervo and Gonzalez, TX back on the calendar for November. We can do both in one day. We have the Lone Star Rally coming up the first weekend in November (Nov 2 - 4) so keep your gear ready to go.

With that said, the days will be getting shorter (as in getting darker earlier) so make sure your lights are in good working order, to include brake lights and turn signals. Somehow, they always seem to go out at the most inconvenient time!! Be safe and be seen!!

As always, ride safe and be seen!

By the Book

The “By the Book” articles are intended to help familiarize Volunteer Leaders and GWRRA members with the policies, procedures, and information contained in the GWRRA Officer’s Handbook (OHB). A copy of the Officer’s Handbook can be found at www.gwrra.org - Click on the Officer Connection tab at the bottom of the page; then select Officer’s Handbook in the upper right-hand corner. Please feel free to reprint these articles in Region, District, or Chapter newsletters.

THE IDEALS OF GWRRA

The most important ingredient for a successful Association is the Member. Where do we find them and how do we make these people interested enough to want to become one of us? Before anyone can be successful in “selling” GWRRA, they must first sit for a moment and determine the reason they joined. Each of us had our own reasons – it may have been the emphasis on keeping each other safe when riding, the 'G-rated' family atmosphere of our events or that we know the best places for food and desserts. In most cases the motorcycles brought us together and it’s the relationships and ideals of GWRRA that keep us together. Let's take a closer look at these ideals:

PROMOTE SAFETY - This will help us continue to enjoy our hobby. We can also enjoy the fact that we are doing something to protect others by teaching them safe riding practices. We are saving lives!

PROMOTE FRIENDSHIP - Among ALL of the motorcycling public. What better way to enjoy our way of life than to make friends and share with them?

PROMOTE THE POSITIVE IMAGE OF THE MOTORCYCLE RIDER –

We must always keep “our best foot forward”.

PROMOTE FUN - This is the glue that holds it all together!

PROVIDE A MONEY-BACK GUARANTEE - GWRRA will provide a money-back guarantee to any Member that is of the opinion the Association has failed to live up to their expectations.

It really does boil down to Friends for fun, safety and knowledge, and we back that up with a money back guarantee!

There are good reasons for the way things are.

The more you know, the better it gets!

Member Enhancement Coordinator

Hello Chapter K2,

Summertime is here! That doesn't mean you stop riding your motorcycle or going to motorcycle events. *Get out and RIDE. We make several rest stops and encourage staying hydrated. Encourage other people and friends to ride and have lots of fun. We want to invite you to our future events coming up. Take a look at the newsletter, calendar and events listing to see where you might want to participate.*

If you have any potential new members and not sure on how to talk about GWRRA. Please let the Director know and get their contact information email, phone number or address. He will communicate with them.

Let's continue to make our Chapter stronger in working together and supporting the community, events and rides. Take a look at the Chapter Calendar for upcoming Events, Rides, Tuesday Dinners, Bike Night and more. Remember the GWRRA motto of "Friends for Fun, Safety and Knowledge". Thank you! Get up and let's have some fun!

See YA SOON!

EDITOR'S NOTES

We are in *GRAPEVINE, TEXAS*..... Wing Ding 39 is finally here! I'm pretty sure I overpacked and still forgot a thing or two maybe three. We didn't want to miss anything and got here on Tuesday. Rally is breathtaking. So many old and new friends and Chapter K2 Members. Goldwing Bikes from everywhere in every color and with many lights. Oh! lots of vendors, lots. 😊.

Another remarkable month in August. With Chapter K2's Bike Night's at Sonic, Tuesday Dinners and a Saturday Night Dinner Ride. We continue having an excellent turnout! Thanks Sonic for your Bike Night sponsorship. Congrats \$25 winner: Robert Yanez.

HUMOR

My husband was water skiing when he fell into the river. As the boat circled to pick him up, he noticed a hunter sitting in a duck boat in the reeds. My husband put his hands in the air and joked, "Don't shoot!"

The hunter responded, "Don't quack."
