Chapter Director News

Hello Chapter and Friends,

It with great pleasure to introduce our new members to the Chapter: Rick and his wife Cherie and family, Dan and his wife Naomi, Marcus and his wife Michelle. Three great families to join our great Chapter out here in Castroville.

This was mostly due to our membership drive we had out at Alamo Cycle Plex. Thank you to our Chapter members that showed up there to help us: Michael, Pat, Robert, Donna, John, Michael L. and Jean.

We will have more membership drives during the summer at Alamo Cycle Plex. I'm looking forward to our first rally of the year, April 7, 2018. We will be going to Chapter O Blue Bonnet Rally and having fun with our sister Chapter. Before you know it, our Rally will be coming up and running.

I encourage New Riders and Experienced Riders to get out and ride with us every weekend. We did our Memorial Ride for Aurora. I believe it went very well and we respect and miss her dearly. I brought out other motorcycle groups. Thanks for the members and friends for joining in this Memorial Ride. We will put this Memorial Ride to Gonzalez on the calendar for the last Saturday of March in Memory of Aurora.

Alamo Cycle Plex has asked the Chapter to be involved in the leadership of a group ride this month. Look at your calendars for dates. Please go out and support your local motorcycle shops like Alamo Cycle Plex. They are our sponsors. Also support all our other vendors and sponsors.

Maintenance days are coming up. Tune up those bikes. For those guys whose motorcycles have been parked for a long time, get them ready to roll. We will start parking lot practices very soon. Locations will be shown on the calendar. More details will also be given at our next Gathering.

Wear all the gear all the time (ATGATT). You can even fall going down your street. Pat and I went to go visit a member of another motorcycle group. He just went to the corner to get gas. Ended up in the hospital for 2 weeks He had no gear, in shorts and in flip-flops. Not a good combination when you're on a motorcycle. Don't forget the contest we have going. To name and our mascot. Pat has gotten a couple of ideas already from members. The contest is for the whole Chapter. We will be voting on the name at our next Gathering. Someone will win a prize. It could be YOU! Bike night continues to happen every second Tuesday of the month at Dairy Queen in Castroville. You guys come out and bring your bikes, wear your colors, your vest if you have them. Be seen! That's the whole purpose of the Bike Night. I'm going to challenge you for something else. Every person that brings a guest out is eligible for a prize. That person must be a motorcycle enthusiasts and rider.

On April 20th – 22nd we will be having our Chapter Campout at Garner State Park. If you can't come for three days,

come for two. If you can't come for two come for one. Just come if you can base your schedule for one day. We will be doing short rides through the Hill Country. Our base camp will be at Garner State Park. We will be having a lot of fun and games with other Texas Chapters. Come out meet new friends and see old friends.

Until next time. Ride safe right often.

See Ya Soon!

April is Distracted Driving Awareness Month

Technology allows us to make calls, dictate texts or emails, and update social media while driving - all actions that are proven to increase crash risk. The National Safety Council (NSC) observes April as Distracted Driving Awareness Month to draw attention to this epidemic. The message from the NSC this year is to put safety first and JUST DRIVE.

Text messaging while driving is just one of many ways that drivers are distracted. Many believe that they are fully capable of multitasking when in fact, multitasking is a myth. Let's look at some multitasking myths versus reality.

Myth: Drivers can multitask.

Reality: the human brain cannot do two things at one time - like watch TV and hold a phone conversation. The same is true while driving and talking on your phone. The brain switches between the two tasks which slows reaction time.

Myth: Talking on a cell phone is

just like speaking to a passenger. **Reality:** Back seat drivers are good for you. Adult passengers help the driver and alert drivers to traffic problems. People on the other end of phones can't see what is going on.

Myth: Speaking hands-free is safe to use while driving. **Reality:** Drivers talking on cell phones can miss seeing up to 50% of their driving environments, including pedestrians and red lights.

Myth: I only use my phone at stop lights so it's okay. **Reality:** Even at stop lights, it is important to remain an attentive driver. For example, a recent AAA study shows that people are distracted up to 27 seconds after they finish sending a voice text.

Myth: Voice-to-text is safe to do while driving. **Reality:** It is actually still very distracting. You're not only mentally distracted, but you're visually distracted due to the common autocorrect errors.

TIPS from DONNA

Spring is finally here! Let the rides begin!

We have some fun rides planned and it will be a blast having a great group to discover new roads with and making great memories.

GWRRA is all about safety so I encourage everyone to wear protective gear on each ride. I know it is a personal choice, that it can be hot at times, but the gear comes off when you stop. A cast can be a lot hotter and stays on a lot longer, lol. I highly encourage **AGATT** (All The Gear All The Time) when participating in a ride.

TEXAS is such a huge place to explore so I would really like us to venture further out. The rides can be a bit longer so that we can see the sites. There will be rides considered for outside Texas as well. The world is out there for us to explore so let's hit the road!

CRASHING

The famous American motorcyclist, Cook Neilson, in a old copy of Cycle Magazine listed all the motorcycle crashes of his friends, family, acquaintances, and magazine staff. Then he had this to say:

"Everybody I know who has spent any time at all riding a motorcycle on the street has crashed. Getting off is the inevitable escapable consequence of getting on. It makes no more sense to expect a crash-free motorcycle riding career than it does to expect to play a set of tennis without hitting one into the net, or a game of pool without blowing your position, or ten rounds of boxing without catching one on the nose. You ride bikes; you crash.

Now tell me this, all you "It-can't-happen-to-me": suppose you awake this Tuesday suffused with the absolute knowledge that at 10:00 a.m. you will have a crash on your motorcycle. The certainty of it is overwhelming; as you break into perfect consciousness you can practically feel the thumps, the scrapes, the scratches and the burns; the forlorn, smoking wreckage of your motorcycle is palpable in the mind's eye.

Got that? Now. How will you prepare for the morning's ride, knowing there will be a crash at 10:00 a.m., knowing you will be the feature attraction? If you really believe that swill about helmets obscuring one's vision, helmets leading to strangulation, helmets causing one's neck to snap and helmets impairing one's hearing, then I suppose you

will venture out of your house, onto your motorcycle and toward your crash bare-headed.

But if not - if you can imagine your head flinging off some blue-haired lady's front fender, or thwacking crisply into the pavement, or glancing off a parking meter pole; if you can imagine what it will feel like to take a truly thundering shot to the temple; if you can imagine how the outside world will look through eyes that no longer communicate to a functioning cognitive apparatus - then I believe that faced with the inevitability of your 10:00 a.m. crash, you will put on your helmet and buckle up tightly.

Ah, you're thinking, but of course, faced with an inevitable crash, naturally I will wear a helmet. But who says a crash is inevitable?

You think it isn't? Why should you be different from Loughlin, my father, Halesorth, Schilling, Boiler, the Hansen brothers, Homchick, Kohr, Stein, Vamvas, Irban, Lague, Muhifeld, Stepp, Jennings, Sargent, Stermer, Phillipson, Crowder, Browne, Pererra, Dickenson. Friedman, Riggs, Hodges, Thomas, Moses, or me?

Why should you be special?"

Think about it.

HUMOR

A man was being tailgated by a stressed-out woman on a busy boulevard. Suddenly, the light turned yellow, just in front of him. He did the right thing, stopping at the crosswalk, even though he could have beaten the red light by accelerating through the intersection.

The tailgating woman was furious and honked her horn, screaming in frustration, as she missed her chance to get through the intersection, dropping her cell phone and makeup.

As she was still in mid-rant, she heard a tap on her window and looked up into the face of a very serious police officer. The officer ordered her to exit her car with her hands up.

He took her to the police station where she was searched, fingerprinted, photographed, and placed in a holding cell. After a couple of hours, a policeman approached the cell and opened the door. She was escorted back to the booking desk where the arresting officer was waiting with her personal effects.

He said, "**I'm very sorry for this mistake**. You see, I pulled up behind your car while you were blowing your horn, flipping off the guy in front of you, and cussing a **blue streak** at him. I noticed the **'What Would Jesus Do'** bumper sticker, the **'Choose Life'** license plate holder, the **'Follow Me to Sunday-School'** bumper sticker, and the **chrome-plated** Christian fish emblem on the trunk; naturally...**I assumed you had stolen the car** ."

Member Enhancement Coordinator

Hello Friends.

Hope everyone is doing well and enjoying the lovely riding weather. We did quite a bit of riding in March and are planning to take advantage of the great riding weather when we can. The addition of Sunday afternoon riding has been great. Now our members can ride on Saturday's or Sunday's. Or both days! K2 Country Wings RIDE!

We were at Alamo Cycle Plex for Recruiting Day in March. We got to view the new 2018 Goldwing. **NICE!** Along with talking with friends both old and new we had a successfully day. We had new friends DAN S., NAOMI S., RICK M. and CHERIE M. become GWRRA members.

Our Gathering was called to order by Chapter Director Michael Pineda. All stood and did the pledge of allegiance. We welcomed all members and our guests. Our new members were introduced and welcomed. New Members are: DAN S., NAOMI S., RICK M., CHERIE M., MARCUS V. and MICHELLE V. The 50/50 won by Michelle. All in attendance were Door Prize Winners! Thanks to our sponsors for prizes.

Hope to see you at GWRRA Chapter Picnic and Campout at Garner State Park on April 20-22, 2018. Plan to take advantage of the great riding weather that is here. We have some new rides and events coming up.

Remember the GWRRA motto of **"Friends for FUN, SAFETY and KNOWLEDGE"**. Let's ride and let's have some fun!

Hope to see Y'all soon.
