

WE HELP FAMILIES LIKE YOURS

Since 2010, we have been helping seniors stay in their homes longer, even when they may need assistance throughout the day and overnight. From simple memory care and reminders, all the way to bed-bound and assistance with hospice. If the care recipient doesn't want to relocate to an Assisted Living or Care Facility, then we may be able to help bridge the gap until they are ready.

HOW IT WORKS

We recruit, screen, and place the top live-in caregivers in the country with private families. We set the family up with a turnkey payroll solution to pay the live-in, following all state and federal labor laws. We only charge a one-time placement fee for our entire service. We have no other fees.

TRUSTED BY THE EXPERTS

We receive over 1,000 referrals annually from senior-care advisers, rehabs, hospices, care managers, and social workers who trust us to help their families. We are the nation's top live-in care experts.

WHAT DO LIVE-INS DO?

Live-ins do almost anything that a family member would do to help out by moving in with the care recipient. That includes keeping the house maintained, cooking, cleaning and assisting mom or dad with anything that they need physical help

with, including hands-on personal care (ADLs). They will feed the cat, walk the dog, water the garden, bring in the mail and assist with food-shopping. They can drive mom to see some of her friends, or dad to the VFW fund-raiser dinner. A live-in will help your parents stay living safe at their own home much longer than would otherwise be possible. They do not need to move to receive care. We move the care to them!

RATED IN THE TOP 1%

Grandma Joan was ranked in the top 1% of 18,000 senior care companies in the US and Canada for customer satisfaction. (2014 and 2017)

WHO USES LIVE-INS?

For many families we are the bridge used to cross the gap between hourly home-care visits (that aren't providing enough care) and the care recipient relocating to a care facility. Our clientele includes the families of many world-renowned Americans from Washington D.C. to Hollywood but is mainly made up of ordinary (amazing) seniors who need occasional help throughout the day or night but aren't ready to leave their homes yet.

NO LONG TERM CONTRACTS TO SIGN

We know that some care situations can be fluid. Families can be put in a tight space and have to decide what is best for their loved ones upon discharge from the hospital or rehab. The decision process can be daunting. What is best for them? What if their needs or wishes change? We understand. There are no minimum time requirements for our service. Use your chosen live-in for one month or 10 years.

HOW MUCH DOES IT COST?

In most states, the service is more affordable than conventional nursing homes and cost half the price of a 24/7 home-care agency. We only charge a one-time placement fee. We have no additional fees.

www.GrandmaJoan.com

Legal: Grandma Joan acts solely as a recruiting, screening and placement service for private families seeking a non-medical live-in caregiver and does not employ or co-employ any live-in. Family is the employer. Quoted rates are based on our experience with market rates for similar level needs, and include the employer's payroll taxes and fees. All rates, services and schedules are negotiable with the candidate. No service in NJ, CT, IL, NV, SC, UT and WV. CA has laws that limit live-in services or raise the daily rate. Visit us at www.GrandmaJoan.com for updates.

If you are not 100% satisfied with your chosen live-in, we will replace them at no additional charge anytime within one year of your contract with us.

We want to make sure that you are happy with both our service and that of the live-in caregiver that you have chosen to hire.

PUT THE SPARE BEDROOM TO WORK

Why pay for expensive hourly care overnight when they only need help with a bathroom visit or in cases of an emergency. If your loved one has a spare bedroom, they can use it to lower their home-care costs.
