

Summer term  
Reception

Welcome back to summer term, although the weather is warmer and we may see some sun, please make sure your child brings a coat. A 'pack a mac' is ideal as it can be put in their bags.

Water bottles

As the weather will be getting warmer we do allow water bottles in reception class. These must be named and only have water in them. The children have access to the water fountain as well as a drink mid morning so don't worry if they forget. Please take these home daily and return them daily.

Sun cream

Please make sure when the weather gets hotter that your child has had sun cream applied as we are not able to do this. A sun hat should also be provided for when they are out side.

This term out topics is 'mini beasts (insects). We will also be looking at Great Britain and this will include a trip to Wild wood, to look at British wildlife now and past.

Please continue to support your child with reading as they are doing so well. We will gong to Wildwood in Herne on the 27<sup>th</sup> June details will follow.

Thank you

Mrs. Fitt-Boyland and Reception class
