

## Donor Request Form Letter Template (revise as needed)

Date:

Dear Mr. or Ms. xxxxx,

With colleagues from other parts of the US, Sweden, and , Australia, I am planning to join the Teachers Across Borders workshop program this summer in \_\_\_\_\_.

The purpose and mission of [Teachers Across Borders](#) is to assist the teachers of reemerging nations to realize their vision of rebuilding their education systems.

It is my belief that giving back to the world that so desperately needs our time and attention is an appropriate response to all I have been given. With other volunteer teachers, each summer I put my time, energy, books and technology, and creativity to help with the professional development of teachers.

With help from teaching volunteers and lots of gracious and generous donors, we can deliver energetic, exciting teaching strategies to these teachers who are working hard to improve education for all students. Education is a great and lasting gift. It is a great investment in fostering world peace and global understanding.

Please consider helping with this creative and important outreach to teachers in \_\_\_\_\_. Any contribution will help us with expenses such as materials, translators, and living expenses.

This experience is literally life changing for both volunteer teachers and for the host country teachers. Please help us continue this exceptional program by visiting our website and making a donation at:  
[www.teachersacrossborders.org/donate](http://www.teachersacrossborders.org/donate)

Again, thanks for your great support.

Sincerely,
