

FREE
ENVIRONMENTAL
ED WORKSHOP
FOR
TEACHERS

OCTOBER 19, 2019

9am - 3pm

Dunwoody Nature Center

5343 Roberts Drive

Dunwoody, GA 30338

Urban STE(A)M

Integrating Nature to Engage and Teach

Join like-minded "outside the box" educators and explore the world of nature-based teaching. This session's theme will be **URBAN TREE CONSERVATION** and **how to utilize your school campus** to connect the natural environment to K-12 standards for any subject. Leave inspired, with accessible resources and realistic strategies for making learning more relevant. Whether your goal is to enhance existing lessons plans or create PBL, this workshop provides tools to enrich your teaching without adding to your workload.

FREE LUNCH sponsored by the
Upper Ocmulgee Resource Conservation & Development District
For more info, visit www.GardensforGrowingCommunity.com

Seating is limited - please reserve seat(s) (and lunch!) by emailing Tixie.Fowler@gacd.us or calling 770.842.2551

This workshop is FREE thanks to the support of the Gwinnett and DeKalb Soil and Water Conservation Districts, and the following sponsors:
