GAP™ Turnkey Solutions Partners

The GAP™ Turnkey Solutions package combines the consulting expertise of Kamm Consulting Group, with its partner companies: Hoffmann Group, FESTO, KUKA, WEILER, EMCO Group and SIEMENS to offer world-class equipment products, systems, curriculum and technical trainings.

The GAP™ Turnkey Solutions partner program is aligning key stakeholders from industry, government and education, identifying German IHK occupational apprenticeship standards that best suit the workforce training needs, and aligning, mapping and implementing the German IHK benchmark standards to the US educational infrastructure.
