

Landscape Foreman

This is a 40+ hr/week seasonal position with opportunities for overtime. Starting pay will be based on knowledge and demonstrated prior experience.

As a part of The Phantom Gardener team, this individual is expected to be punctual, personable, and respectful towards our valued customers.

The Foreman is responsible for management of installation projects and maintenance tasks and must have experience directing activities on the job site: coordinating work flow, hands-on work, and operation of a variety of machinery. The foreman will be expected to train subordinates and new employees in practices of installation and company standards. Snow removal in winter is a must.

Requirements:

- Must have 5+ years landscaping experience and 2+ years foreman experience
- Must be able to manage a team of 2-6 people
- Clean driver's license
- Ability to lift 50+ lbs
- Ability to prioritize and multitask
- Excellent horticultural knowledge including proper identification and understand the importance of correct placement and care
- Experienced in construction of hardscapes including walls, patios, and walkways using blue stone and pavers
- Ability to read and process plan drawings is a plus
- Proficient heavy equipment operating skills including but not limited to: tractors and skid steers with various attachments.
- Experience with zero-turn mowers and driving a truck with a trailer
- Self-motivated, detail-oriented, maintain high standards of workmanship
- Strong inter-personal skills required to interact with clients, management, and co-workers

To apply:

Email a resume to thephantomgardener@gmail.com. Applicants whose resume does not include minimum experience will not be considered.
