

INTERNSHIPS AVAILABLE

All internships will be comprised of hands on ministry to the Homeless Community. We will provide on the job instruction, for discipleship in this milieu. You will also be provided a resource guide that meets all of the Homeless needs in the community from housing to medical. You will be trained on accessing these resources for homeless individuals.

Additionally you will have the opportunity to hear the story directly from homeless people. How they became homeless, their struggles, their goals. What Jesus means to them. How people have effectively reached them for Christ, as well as those that were ineffective, and their ongoing discipleship journey.

In addition we will provide models and instruction on how to reach the lost and make disciples in the church setting, and translate those principles to your own local church or work environment. You will share your testimony, lead prayer and a bible study at the group on the last day of your internship. You will know these people well by then and feel comfortable doing so, I promise.

When you are done you will be able to effectively share your faith, know how to call people to follow Jesus with you as disciples, and have a plan to do so.
