Destiny Rottman	U20
Collin Schultz	U15

#### King Pin

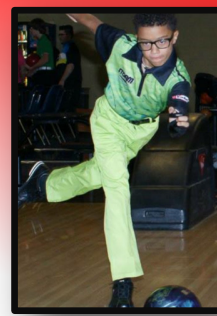

Alex Burchard	U20
Ranzy Collins	U20
Erin Cosner	U20
Jacob Miner	U15

# Featured Bowlers

**Felicia Montecinos**  
Bolingbrook, IL

**Jacob Perry**  
Elmwood Park, IL

**Age:** 18    **School:** Joliet Junior College    **Home Center:** AMF Bolingbrook  
**Division:** Scratch Girls, ISST Average 174    **Sanctioned High Game/Series:** 268/682  
**Started bowling at age:** 9    **When did you start bowling the ISST?** 2014-2015

**What is your favorite thing about the tour?** *My favorite thing about the tour would be getting to bowl at a different bowling alley with a different sport shot pattern for each tournament. I enjoy experiencing various bowling alleys because of the atmosphere, the approaches, and the lanes.*

**What kept you going through the hard times?** *No matter what, I have to get back up and keep trying. Having a positive attitude will always help me when I am going through hard times. I work on my weaknesses, and my mental game. There is always room for improvement. My supporters also keep me going through the hard times. My supporters lift me up, and they won't let me get down on myself.*

**What advice would you give to someone who's just starting the ISST?** *You need to have confidence in yourself. You need to know that you can bowl well no matter what bowling alley you walk into. Don't focus on any other bowlers, or compare yourself to other bowlers. No matter what the shot is, take it one frame at a time. You need to have fun while bowling. Also, please do not argue with your parents. It does not look good when you yell at your parents or give them attitude.*

**Who's your biggest inspiration?** *I'd say that my parents are my biggest inspiration. They have always taught me to go after my dreams. They have been through all of my achievements, and all of my upsets. They were the first people to ever believe in me. I wouldn't be anywhere near where I am today without them. Part of my inspiration also comes from everyone else that supports me. I wouldn't be the bowler I am today without my youth league, my friends, and my family members. They all have supported me no matter how I bowl. My boyfriend is also part of my inspiration as well. He went through surgery because he tore his ACL and his meniscus. He worked his butt off at physical therapy, and he ended up bowling soon after. He finished out a great senior bowling season. That taught me to never give up. If you really want something, you have to work hard to get it. He tries to watch and support me at most of the tournaments that I bowl in. He makes sure that I believe in myself, and that I stay as positive as possible. All of these people have made a major impact on my bowling career. I am incredibly thankful to have all of these wonderful people in my life.*

**How many times have you been to Jr. Gold?** *Once, in 2015 (Chicago)*

**What is your positive take-away from Jr. Gold?** *It is such a great experience to be involved in for youth bowlers. This tournament can make a huge impact on future college opportunities. No matter how you bowl, you always learn something new. You learn more about your weaknesses, and your strengths. Junior Gold will weigh in heavy on someone's mental game, but it can make you a stronger bowler. Junior Gold is also a fun experience to meet new bowlers, and to show how well of a bowler you have become. Junior Gold is the tournament most youths are preparing for every year. I encourage every youth bowler to bowl at Junior Gold at least once.*

**What is your negative take-away from Jr. Gold?** *I don't think there was a negative take-away from Jr. Gold. It was a great learning experience, and I can't wait to bowl in Indianapolis.*

**Overall, what has bowling done for you?** *I want to bowl for the rest of my life. I can bowl no matter what my mood is. Bowling has brought me to some great friends, and great teammates. Bowling has made me set high goals for myself. I watch professional bowlers on TV, and I even went to the USBC Masters. I want to be a professional bowler someday. I know it will be tough to be a professional bowler, but I know I can do it. I won't be bowling to get trophies, money, or just win. I want to bowl to become a professional bowler and because bowling is what I love to do. I will achieve my goals.*

**Age:** 11    **School:** Elmwood Elementary School    **Home Center:** Habetler Bowl  
**Division:** Handicap, ISST Average 156    **Sanctioned High Game/Series:** 244/603  
**Started bowling at age:** 6    **When did you start bowling the ISST?** 2014-2015

**What is your favorite thing about the tour?** *My favorite things about the ISST are bowling on different sport shot patterns for each tournament which causes me to focus more, enjoyable time spent seeing my ISST bowling friends and lastly, I love wearing cool, bright, retro and unique bowling outfits which reflects my personality.*

**What kept you going through the hard times?** *How one handles hard times is a true test of a good bowler. When I struggle with low games, I take it as a personal challenge to focus more and make necessary adjustments accordingly. I keep my frustrations in check, remain calm and step my game up.*

**What advice would you give to someone who's just starting the ISST?** *The ISST Tour is not like your typical house shot. It can be very challenging to say the least. You will struggle in the beginning. As long as you can look in a mirror at the end of the tournament and reflect "I gave my best, my all and never gave up" then ultimately you are a WINNER! It does get better. Don't question yourself or bowling abilities.*

**Who's your biggest inspiration?** *My parents are my biggest inspiration. My Dad IS my BIGGEST FAN with sports and greatest teacher of life lessons. He has always taught me the importance of being a STUDENT FIRST and athlete second. He has also taught me the importance of being HUMBLE and APPRECIATIVE of these opportunities and something I do not take for granted. Dad keeps it "real" when I ask him for advice, suggestions and options. I may not always like what he has to say, but I know he is being completely honest with me because he loves me and cares about my well-being. Dad is always at each tournament through my successes, frustrations and struggles. He reminds me to accept the bad as well as you accept the successes, Dad always reminds me when I participate in these tournaments, be proud to represent both my heritages (African American & Puerto Rican), my Elmwood Park community and all the family & friends that have followed me throughout my bowling journey. With my entire support staff behind me, I do not consider it as luck, I am truly BLESSED and GRATEFUL to have all of these wonderful people in my life.*

**How many times have you been to Jr. Gold?** *Once, in 2015 (Chicago).*

**What is your positive take-away from Jr. Gold?** *I enjoyed meeting and talking to a lot of the PBA Bowlers that I see on TV. I also felt like a PBA Bowler by going to various bowling lanes for specific practice times, various sports conditions and the organization of it. It was fun participate in the Collegiate Experience and see a lot of College Bowling Coaches and Teams in the same room. It made me feel very special that Wichita State University Shockers (Coach V, Coach Lewis, Coach Holly, and bowler Thomas Peters) were there and they all remembered my name from when I attended their weekend bowling camp in Wichita Kansas at age 8.*

**What is your negative take-away from Jr. Gold?** *Nothing negative; it was all a part of the life lessons I will experience as I get older. Although I didn't win the U12 Boys Division, I was very fortunate to finish 60<sup>th</sup> out of 190<sup>th</sup> in the nation and gives me something to strive for.*

**Overall, what has bowling done for you?** *Bowling is also opening up a lot of doors for my future and education. Being in a competitive setting has caused me to focus more and strengthen the mental part of my game. I have learned NOT to pout when I throw a bad ball or have a bad game. These types of reactions will not change the bad results and will only hold me back from bowling my best. I keep a good attitude, show good sportsmanship and am respectful to others. I am more focus, dedicated, passionate and care about my behaviors and my results. Whether it's being a Student in school, playing Quarterback in Football, Point Guard in Basketball or Bowling, these sports don't mean a thing unless I am having FUN. Having bowled in a large amount of tournaments across the Midwest at this age, makes me think about those who are less fortunate and solidifies my appreciation of the sport and the sacrifices my parent make toward my future success. I will achieve my goals in life.*
