

# Advancing His Kingdom International

May / June 2019

***"Blessing It Forward"*** We are praising God for the amazing outpouring of people who have desired to be part of our "Blessing It Forward" Milk Goat Project. So many needy families have been blessed by having a milk goat to either provide healthy milk or to sell the milk and to look forward to their first born female baby to give by blessing it forward to another needy family. Then they are excited to know that all the males and other babies born are theirs to keep or sell. Its was also a great experience for our teachers to be part of the ministry. We are very grateful to those who have given financially to this part of the ministry and to those who pray.

***J-Life is "Jesus Life" Africa.*** J-Life is a Disciple Making Movement impacting pastors and church leaders across 34 countries in Africa. We are blessed to be part of this movement that God is using to transform lives from church attenders to disciples who are passionate about reaching the lost and journeying with believers to become disciple makers. Over the past few months God has expanded our area of influence in the East Africa Regions as we continue to shepherd the country leaders. Over 368 churches and 1100 leaders have already been involved in our trainings and this year. God has also allowed me to be hands- on journeying with several churches and pastors in how to build effective holistic ministries within the church. Please continue praying for us as we build on existing leadership in Eastern Africa and for the ongoing work we are doing in Ethiopia. We are asking God to open doors and new doors in, AHKI Sudan, Djibouti and Eritrea.
