

# THE AVANTIS 750 SERIES COMPOSITE DOOR LOCK

High performance multipoint door locking system

Boasting the largest chamfered hooks and centre deadbolt in the UK, this unique combination delivers class leading security and compression performance for doors manufactured from timber and modern composite materials.

The Avantis specially designed dampening mechanism ensures effortless operation of the lock. Whilst compatibility with our exclusive Secured by design accredited 'Twin Fix' cylinder guard system provides a cost effective solution for PAS24 accredited cylinder security.
