

SSPP FAQ's

What support is available to students?

SSPP is designed to be self-directed learning. However, we do have a number of support functions in place for students completing the programme:

Student Support Manager

Grant Hocking: (e) grant@inspiring.org.nz | (m) 021 224 4776 | (w) 09 525 5996
Edward Cowley: (e) edward@inspiring.org.nz | (m) 021 428 259 | (w) 09 525 5996

Student Support Managers are available by email, phone and zoom (if arranged in advance).

HUB

To keep students moving through their learning and assessments, a HUB session is scheduled to assist students with any further learning requirements, understanding any of the learning content and the assessments.

Peer Groups

Students may want to form a Peer Review Group to increase support around their practice delivery. NTS can provide you with guidelines and training on how to run your peer group.

Mentoring

Mentoring support sessions via webinar and face-to-face are available to support individuals.
