

## SSPP FAQ's

### **Does the qualification have any cultural components?**

The SSPP includes cultural aspects for both Māori and Pacific. There is a focus throughout the programme on the needs of Māori, Pacific and pregnant clients as these have been identified by the industry as high-risk groups.

The following NZQA cultural components are mandatory as part of the SSPP:

28543	Describe culturally safe Māori operating principles and values, and their application in a health or wellbeing setting.
25987	Describe culturally safe principles and Pacific values for people in a health or wellbeing setting.
