HUMAN UNITY - TO FEEL LOVE AND ONENESS IS TO LIVE...

For Auro Galaxy and Auro Immortality....(Twin Universal Eco-Floating Cities), to be Adapted for the movie "SAVITRI" - A Mantra for the Transformation of the World.

Preamble:

A wonderful and realizable DREAM of founding a place upon earth, where only selfless love and complete harmony will prevail and no laws, only sensible arrangements of 'an inner law of beauty' may be suffice to fulfill the aim of the Divine.

Auro Galaxy, Auro Immortality Twin Universal Eco-Floating Cities, which belong to nobody in particular but to Humanity as a whole, will be self-sustaining cities in nobody's land of the Sea. Technology is readily available to realize this dream.

There will be 150,000 people from 193 UN Member states and 44 non-member states of the World living as ONE Human Family of LOVE and Oneness, in the Spirit's Multiple Oneness. Auro Galaxy/Auro Immortality are self-sustained Eco-Cities on the Sea towards the Future.

The Mother, (Founder of Sri Aurobindo Ashram, Pondicherry), and her Dream towards the inevitable future of the world is the inspiration behind this Galaxy of Multiple One spark souls of the Divine. However, when there are people who join from various states of the world and from various nations, societies, religions, etc, there is a need of having a Foundation for these floating Eco-friendly cities. These cities belong to no one but the "Divine". These cities will be a human Laboratory of Evolution, where a discipline towards the next level of human evolution takes place through the Five Fold Psychological Perfection of Mental, Vital, Physical, Psychic and Spiritual as envisioned by Sri Aurobindo and The Mother, India pioneers and announcers of the inevitable course of evolution in earth-consciousness and the emergence of a New Race, New Species. The entire life and work in these twin cities are aimed towards this realization.

It is proposed that these twin cities floating in the international waters of the Bay of Bengal, east of Pondicherry, India be mainly organized by the founders/members of the proposed Board. As such, it will be a 'New Creation', a 'New World Consciousness' of UNITY and LOVE and ONENESS, which will nurture and sustain this utopian garden of the Divine on this blue planet.

To take the message of Love and Oneness further, future plans is set to adapt/promote Sri Aurobindo's "SAVITRI", (the longest epic poem in English)... into one of the most powerful mass median, HOLLYWOOD MOVIE, inclusive of the envisioned "Twin Eco-floating Cities", Auro Galaxy and Auro Immortality which will serve as "Mantra's for the Transformation of the World".
