WHAT MAKES A CARHARTT KNIFE BY CASE?

No one can argue with the experience of making a product for 124 years. These knives are uniquely Carhartt . . . from the fit and finish of the blades, to the unique natural and synthetic handle materials. And, each knife is hand-crafted by Case craftsmen right here in the U.S.A.

No two Carhartt knives are exactly alike . . . and we think that's a good thing. Unlike mass produced products, each knife is shaped, honed, sharpened, and polished under the skillful hand and eye of an artisan to achieve a product that is both collectable and rugged enough for everyday use.

HAND-CRAFTED AUTHENTICITY

Case artisans still hand-craft each knife the way they have for 124 years. We put a lot of time and effort into making sure the knives we produce today reflect on our history in a positive way – the finest steel blades, nickel silver bolsters, covers that are pinned, not glued like lesser grade knives, and a limited lifetime warranty. All this and the pride of being made exclusively in the U.S.A. stand behind each knife.

LIMITED LIFETIME WARRANTY

We warrant each and every Carhartt by Case knife to be free of defects in material and workmanship for the life of the owner, and we will repair or replace with a new Carhartt by Case knife, at our option, any Carhartt by Case knife that is defective. That's how strongly we feel about the quality of our cutlery. If you believe your Carhartt by Case knife has a manufacturing defect, mail your knife, along with a written explanation of the problem, to Repair Center, W. R. Case & Sons Cutlery Co., Owens Way, Bradford, PA 16701.

CONSUMER AWARENESS STATEMENT

The blades that go into every Carhartt by Case knife are honed to an extremely sharp edge. We ask that you be very cautious when opening, using or sharpening our products. Carhartt by Case knives are intended to be used as working tools; they are not weapons and should not be used as such. If an injury occurs during use (or misuse) of a Carhartt by Case knife, this is a risk that our customers assume, and neither Carhartt nor Case can, in any way, be held accountable. Our customers expect Case to deliver high-quality, razor-sharp knives; in turn, we ask each customer to use our products safely and wisely.
