STANDARD FEATURES

1. *Fusion welded frame and panel* corners are secure, weathertight, draft-free and never pull apart.
2. *Multi-chambered PVC frame and panels* are energy efficient, maintenance-free and last a lifetime.
3. *6" Frame depth* provides sturdy structural integrity.
4. *Vertical panel rail reinforcement* is made of steel for warp-free construction.
5. *Full height interlock* ensures complete protection against air and water infiltration.
6. *3/4" Double paned insulated tempered glass* produces optimal energy performance.
7. *Intercept warm-edge spacer system* has proven seal integrity and conducts less heat and cold than other systems.
8. *Multiple rows of weatherstripping* create a weathertight seal around the panel edges.
9. *Unique monorail heavy-duty roller system* effortlessly handles the weight of even the heaviest panels.
10. *End-adjustable tandem steel rollers* allow custom tuning for smooth, quiet operation.
11. *Neutral wood interior handle and anodized exterior handle set* blends with any home aesthetic and securely latches with a convenient thumb actuator.
12. *Low-profile threshold and track cover* make ingress and egress easy and worry-free.
13. *Field reversible construction* allows versatility in determining operating direction. (from outside looking in, left is standard)
14. *Heavy duty screen door* boasts beefy extruded aluminum frame, multiple nylon rollers and BetterVue improved visibility mesh.
15. *Limited Lifetime Warranty* includes coverage of all hardware, vinyl, glass and screen for as long as you reside in your home.

Blinds Between the Glass

No more dusting or damaged blinds! By choosing our optional blinds, you take control of privacy, security and daylight. Fingertip adjustment effortlessly operates tilt, raise and lower operations

Sturdy aluminum blinds are sealed between two panes of tempered glass. Blinds are covered by 10 year warranty against material and operational defects.

Available in 6068 White only.

IntelliGlass

Elegance Patio Doors are available with our superb IntelliGlass high performance glazing system. This efficient combination of Intercept® Warm Edge spacer system and ClimaGuard high performance Low E glass provides superb energy efficiency by reflecting heat back to its source. This keeps your home more comfortable year round. See our IntelliGlass brochure for more details.
