White(s) Pond, Concord

General Information

White Pond is a 40-acre great pond located about a half mile north of Route 117 in Concord. Maximum depth is 63 feet; average depth is 27 feet; transparency is 15 feet or better. The bottom is predominantly sand and gravel, and aquatic vegetation is scant. The shorelines are moderately developed, particularly along the northwestern and southeastern shores.

Recreational Access

Public access is provided by a gravel ramp on the pond's northeastern tip (71°23'14.33"W 42°25'43.94"N). It is owned by the Public Access Board and suitable for car top boats and canoes only (the ramp is gated). No gas-powered motors are allowed on the pond, but electric motors are permitted. Access for shoreline fishing is restricted to the area on either side of the launch ramp, and another town-owned area, accessible from Route 117. Please contact MassWildlife for additional information, fee structure, and/or restrictions pertaining to public access of White Pond.

Fish Populations

The following fish species were found during MassWildlife surveys: Largemouth Bass, Smallmouth Bass, Bluegill, Pumpkinseed, and Golden Shiner.

Fishing

Many trout are stocked here every year. The majority of these fish are stocked in the spring, but the pond is also stocked with trout in the fall. White Pond has produced Brown, Tiger, and Rainbow Trout, and Sunfish that meet the minimum size for recognition by the Freshwater Sportfishing Awards Program.
