Please attach plans for proposed building, giving all dimensions and materials to be used. Submit a sketch of your site, including location of building on site. Can use back of permit.

Make sure building is not placed over your septic tank.

Your building plan must comply with Gold Bar Nature Trails Rules & Regulations,

Section 1, General. Paragraphs:

- (7). Temporary structures are limited to one each of the following:
  - a. One structure (storage only) (one floor) is permitted on each campsite and shall not exceed 120 square feet with a maximum of 12 inch eave and not over 12 feet in total height and must maintain a 6 foot separation from all other units.
  - b. Once covered deck is permitted, not to exceed 120 square feet with a maximum of 12 inch eave and not to exceed 12 feet in total height. Decking over 12 inches above ground is permitted, not to exceed 120 square feet.
  - c. One gazebo is permitted on each site and shall not exceed 120 square feet  
With a maximum of 12 inch eave and not over 12 feet in total height.
  - d. One wood shed is permitted with a maximum dimension of 8 feet wide, 4 feet deep and not be over 5 feet in total height.

None of the above structures shall contain plumbing or permanent sleeping facilities.

- (9). Asphalt or solid concrete construction is prohibited for use in construction  
building foundations, roads, drives or pads.

**This permit is good for 90 days from date of issue. Notify Park Manager; (GBNT Office) when construction is complete and ready for final inspection.**
